Interior

Vasthugreen construction team understands that interior of the luxury home is a reflection of people living there. We offer interior design and home styling solutions, ranging from furniture layout for one room to full interior design. Interior styling provides decorative solutions to cater for all your needs, from helping plan a single room layout, to curating accessories for an entire property.

Working closely with you, the team creates bespoke designs, incorporating fixtures and fittings to suit your lifestyle, taste and requirements. With its multidisciplinary design expertise, the Vasthugreen team ensures that each project delivers the high standard, to achieve the best possible results.

It is a place where you spend most of your time. This includes selecting material finishes, furniture, lighting, plumbing and so on.

After carefully assessing the styling and furnishing needs of your house as well requirement of each family member.

Experts at Vasthugreen will establish a concept and then tailor design the house to suit your needs and requirements.

Our Services

Whether serving as a general contractor, construction manager or design-builder, Vasthugreen offers full-service construction capabilities through all phases of development, from feasibility to commissioning. Our goal is not to look at your project as a one-time engagement for our services. Rather, we are committed to meeting your objectives so that we become your "go-to" resource for your construction needs now and in the future. And, regardless of our role, we take on the responsibility of translating your ideas into a building that balances budget and timing with functionality and corporate vision. We aim to blend and embrace all the expertise and experiences of all our qualified builders and hardworking employees to offer excellence in terms of providing the following services to all our potential clients and customers:

● Residential

- Contemporary
- Colonial
- European
- Traditional

● Commercial Buildings

- Schools
- Shopping Complex
